

THE CLARA ABBOTT FOUNDATION

Leticia Diaz

Leticia was recognized for her many contributions in helping increase awareness of Foundation services in Temecula, including the coordinating and launching of the first-ever financial education class at her site. Additional classes have followed, and her ongoing efforts enabled The Foundation to achieve its highest domestic attendance rate for a single class in 2008 – more than 100 employees.

Leticia Diaz accepts The Clara Abbott Foundation Bridge Award from Heather Lowe, vice president and executive director, The Clara Abbott Foundation, and Chip Hance, senior vice president, Vascular.
